Shareholders may also cast their votes in advance of the Meeting by appointing a proxy (preferably the Chair of the Meeting). Further details are outlined below.

The representative should bring to the Meeting evidence of his or her appointment, including any authority under which the appointment is signed, unless it has previously been given to the Company.

Subject to the specific proxy provisions applying to each Resolution (see the Explanatory Notes below):

- If a Shareholder has not directed their proxy how to vote, the proxy may vote as the proxy determines; and
- If a Shareholder appoints the Chair of the Meeting as proxy and does not direct the Chair how to vote on an item of business, the Chair will vote in accordance with his voting intention as stated in this Notice of Meeting.

### **Proxy Voting by the Chair**

---

Due to COVID-19, the Company strongly encourages you to appoint the Chair as your proxy and to actively direct your proxy how to vote on each Item by marking the appropriate boxes on the Proxy Form.

For each Resolution where the Chair is appointed as a Shareholder's proxy and that Shareholder has not specified the way in which the Chair is to vote on the Resolution, the Shareholder is directing the Chair to vote in accordance with the Chair's voting intentions for these Resolutions.

The Chair intends to vote all undirected proxies in favour of all the Resolutions in the Notice of Meeting.

**Terms and abbreviations used in this Notice of Meeting and Explanatory Notes are defined in the Glossary contained in these Explanatory Notes.**

### **1 OVERVIEW OF THE FACILITY AGREEMENT AND THE CONVERTIBLE NOTE RAISING**

---

#### **1.1 Background**

##### **(a) Debt funding package**

On 19 February 2021, the Company announced it had secured approximately NZ\$20 million<sup>1</sup> (A\$19 million) primarily to fund the acquisition of strategic farmland and the completion of further earthworks.

The funding package is made up of a NZ\$12.7 million senior secured debt facility from the Senior Secured Lender, being MC HVN Pty Ltd (ACN 647 698 431) (a subsidiary of Merricks Capital Pty Ltd (ACN 126 528 005)) as trustee for the MC HVN Fund, in accordance with the Facility Agreement and related Finance Documents ("**Finance Transaction**"), and NZ\$7.4 million (A\$7 million) from a private placement of secured convertible notes ("**Convertible Notes**") to existing and new institutional and sophisticated investors ("**Noteholders**") (subject to receipt of subscription monies) ("**Convertible Note Raising**").

Summaries of the material terms of the Facility Agreement and the Convertible Notes are set out in sections 1.2 and 1.3 of these Explanatory Notes. In particular, the Facility Agreement and the Convertible Notes are subject to certain Shareholder approvals and other conditions precedent (including various Shareholder approvals the subject of this Notice of Meeting).

##### **(b) Use of debt funding**

The Company is in the process of developing a state-of-the-art nutritional grade processing plant ("Facility") that will manufacture infant milk formula and specialty dairy ingredients at its strategically located site in Otorohanga, in the Waikato Region New Zealand.

As announced in CY2020, the Company entered into conditional purchase agreements for the acquisition of strategic farmland for the purpose of wastewater irrigation from the Facility. The conditional purchase agreements were subject to consent under the New Zealand Overseas Investment Act 2005, which was granted on 13 October 2020. Proceeds from the funding package allow the Company to settle the purchase of Woolly Farm, Waipa Meadows and Lot 2, 5 Redlands Road during CY2021.

---

<sup>1</sup> Foreign exchange rate used for converting NZD to AUD is NZ\$1.06 = A\$1.00

In December 2020, the Company had also commenced the preliminary earthworks for the Facility and associated road realignment works. Proceeds from the funding package allows the Company to continue these works during CY2021 in preparation for the commencement of construction of the Facility.

(c) **Director participation in the Convertible Note Raising**

It is proposed that the Company's Chairman, Ivan Hammerschlag, and Non-Executive Director, Randolph van der Burgh (or their nominees) will subscribe for up to A\$150,000 and A\$100,000 of the Convertible Notes respectively (subject to the Company obtaining Shareholder approval as contemplated by Resolutions 3 and 4).

**1.2 Facility Agreement**

(a) **Summary**

In conjunction with the Convertible Note Raising described in section 1.3 of these Explanatory Notes (and the subject of Resolutions 1 and 2), pursuant to the Facility Agreement, the Company's wholly owned subsidiary, Five Redland Road Limited (New Zealand Company Number 8084521) ("**Subsidiary**"), is securing debt funding of NZ\$12.7 million<sup>2</sup> (A\$12 million) from the Senior Secured Lender, being MC HVN Pty Ltd (ACN 647 698 431) (a subsidiary of Merricks Capital Pty Ltd (ACN 126 528 005)) as trustee for the MC HVN Fund.

The Company is entering into the Facility Agreement as the guarantor and the Subsidiary is entering into the Facility Agreement as the borrower. The obligations of the Company and Subsidiary under the Facility Agreement will be secured in favour of the Senior Secured Lender by the first ranking Senior General Security Deed and the Mortgage.

(b) **Material terms of the Facility Agreement**

The following is a summary of the material terms of the Facility Agreement:

<b>Lender:</b>	The Senior Secured Lender (being, MC HVN Pty Ltd (ACN 647 698 431) (a subsidiary of Merricks Capital Pty Ltd (ACN 126 528 005)) as trustee for the MC HVN Fund).
<b>Borrower and Guarantor:</b>	The Subsidiary (being, Five Redland Road Limited (New Zealand Company Number 8084521)) as the borrower.  The Company is entering into the Facility Agreement as the guarantor.
<b>Facility:</b>	NZ\$12.7 million including capitalised finance costs of up to NZ\$700,000, split into two tranches of NZ\$8.25 million (including capitalised finance costs of up to NZ\$700,000), and NZ\$3.75 million each. The drawdown of the second tranche is dependent on: <ul style="list-style-type: none"> <li>- the Senior Secured Lender obtaining an updated "as if complete" valuation of the assets of the Company and the Subsidiary that is acceptable to the Senior Secured Lender following completion of earthworks during late summer/autumn of CY2021; and</li> <li>- approval by the Senior Secured Lender's credit committee.</li> </ul>
<b>Term:</b>	12 months.
<b>Interest Rate:</b>	9.75% p.a. on funds drawn down.
<b>Line Fee:</b>	2.50% p.a., plus 2.50% establishment costs.

<sup>2</sup> Foreign exchange rate used for converting NZD to AUD is NZ\$1.06 = A\$1.00

<b>Security:</b>	First ranking Senior General Security Deed and registered Mortgage over the assets of the Company and the Subsidiary.
<b>Conditions precedent:</b>	<p>The debt facility under the Facility Agreement is subject to the Company's Shareholders approving the facility as required by section 129 of the New Zealand Companies Act 1993 (as the facility is likely to amount to a major transaction).</p> <p>The Company must complement the Facility Agreement with additional funds by way of Convertible Notes issued to a minimum value of NZ\$5 million ("<b>Convertible Note Condition Precedent</b>"), which condition is proposed to be satisfied via the Convertible Note Raising the subject of Resolutions 1 and 2.</p> <p>Any drawdown of the debt facility for the payment of development costs is conditional on completion of the purchases of the Waipa Meadows, Woolly Farms and Lot 2, 5 Redlands Road properties. First ranking mortgages are to be registered over those properties in favour of the Senior Secured Lender from completion.</p> <p>One of the vendors of the Waipa Meadows property is required to provide vendor finance of NZ\$1.5 million for the purchase of the property, which is to be secured by a second ranking mortgage over the property that must be subordinated to the debt and security of Senior Secured Lender. The Company has not yet decided whether it will utilise the vendor finance.</p> <p>Drawdown under the Facility Agreement is subject to other conditions precedent typical for a facility of this nature.</p>

### 1.3 Convertible Note Raising

#### (a) Summary

The Company also announced on 19 February 2021 that it had entered into a Convertible Note Deed and received commitments to raise up to A\$7 million (NZ\$7.4 million) from a private placement of up to 35,000,000 Convertible Notes each with a face value of A\$0.20 to Noteholders.

Applications for the Convertible Notes have been received from a range of new investors and existing shareholders, and the Board is very happy to welcome the support of high calibre investors and have them join it on the Company's journey.

The Convertible Notes will be subordinated to the debt funding being provided by the Senior Secured Lender in accordance with the terms of the Convertible Note Deed, and an Intercreditor Deed which has been signed by the Company with the Security Trustee and the Senior Secured Lender. The Convertible Notes will be secured by a second ranking Subordinated General Security Deed over all the assets (other than land) of the Company and the Subsidiary.

The funds to be raised pursuant to the Convertible Note Raising will not be available to the Company, nor will the Convertible Notes be issued, until Shareholder approval has been obtained as proposed by Resolutions 1 and 2 (as explained in more detail below).

#### (b) Material terms of the Convertible Notes

The following is a summary of the material terms of the Convertible Notes:

<b>Face value of Convertible Notes:</b>	A\$0.20 per Convertible Note.
<b>Number of Convertible Notes to be issued:</b>	Up to 35,000,000.

<b>Amount Raised:</b>	Up to NZ\$7.4 million (A\$7.0 million) <sup>3</sup> (before associated costs).
<b>Noteholders:</b>	Certain existing and new institutional and sophisticated investors. Refer to section 3.4 of these Explanatory Notes for further information.
<b>Interest Rate:</b>	11% per annum (gross before withholding tax if applicable), capitalized every 6 months in arrears. Such interest will either be converted into Shares or paid in cash as described below. Default interest is charged at a rate of 13% per annum if the Company defaults in the payment of any monies due under the Convertible Notes.
<b>Conversion:</b>	<p>Each Convertible Note can be converted by the relevant Noteholder in accordance with the terms of the Convertible Note.</p> <p>Convertible Notes can be converted prior to the anticipated main capital raise of the Company to fund the construction of the Facility (“<b>Main Capital Raise</b>”) on the terms of the Convertible Note Deed by a Noteholder giving notice to convert their Convertible Notes (including any capitalised interest and any accrued but uncapitalised interest) at the face value per Share.</p> <p>Each Convertible Note entitles the relevant Noteholder to convert the Convertible Note and any capitalised interest and any accrued but uncapitalised interest at the then applicable conversion price into Shares. However, a Noteholder may only exercise its conversion rights if such conversion is for all Convertible Notes held by that Noteholder.</p> <p>The conversion price for the Convertible Notes is variable, being:</p> <ul style="list-style-type: none"> <li>- A\$0.20 at any time; or</li> <li>- at the completion of the Main Capital Raise (if nominated at the commencement of the Main Capital Raise), at the lower of A\$0.20, and a 20% discount to the issue price of Shares under the Main Capital Raise.</li> </ul> <p><b>Accordingly, as there is no floor price on the conversion price, the Convertible Note Raising could be highly dilutive to existing security holders if the market price of the Company’s Shares falls substantially over the period from when the Convertible Notes are issued to when they are converted.</b></p> <p>The Shares to be issued on conversion of a Convertible Note will be issued to the relevant Noteholder.</p> <p>Specifically, if converted into Shares, each Convertible Note entitles the relevant Noteholder to such number of Shares calculated in accordance with the following formula:</p> $N = \frac{FV}{C}$ <p>where:</p> <ul style="list-style-type: none"> <li>- N = the number of Shares to be issued by the Company (rounded down to the nearest whole number);</li> <li>- FV = the aggregate outstanding face value of the Convertible Notes and any capitalised interest and any</li> </ul>

<sup>3</sup> Foreign exchange rate used for converting NZD to AUD is NZ\$1.06 = A\$1.00.

	<p>accrued but uncapitalised interest to be converted on the applicable conversion date; and</p> <ul style="list-style-type: none"> <li>- C = the relevant conversion price for the Convertible Notes, being the lower of A\$0.20, and a 20% discount to the issue price of Shares under the Main Capital Raise.</li> </ul> <p>Refer to section 3.5 of these Explanatory Notes for various worked examples showing how the formula will operate in practice under different assumptions as the conversion price at which the Convertible Notes convert is not fixed at all times but determined by reference to the above formula.</p>
<b>Maturity Date:</b>	36 months from issue of the Convertible Notes.
<b>Redemption:</b>	<p><b><u>Where the Main Capital Raise occurs prior to the Maturity Date:</u></b> Once the Company has confirmed the terms of the Main Capital Raise (in its absolute discretion), each Noteholder is required to nominate whether it wishes to convert all Convertible Notes held by that Noteholder (including all capitalised and accrued but uncapitalised interest) at completion of the Main Capital Raise into Shares at the applicable conversion price or to be redeemed for cash out of the proceeds of the Main Capital Raise. Where a Noteholder elects for their Convertible Notes to be redeemed for cash out of the proceeds of the Main Capital Raise, the redemption amount payable to that Noteholder will be equal to a 10% premium to the aggregate face value of the applicable Convertible Notes plus all capitalised interest and all accrued but uncapitalised interest on the Convertible Notes, provided that a minimum amount of 12 months interest must be paid. An 'Event of Default' includes an unremedied breach of a material obligation of, or a representation or warranty provided by, the Company, or an insolvency event occurring in respect of the Company.</p>
<p><b>Security and Priority:</b></p>	<p>The Convertible Notes will be secured under the Subordinated General Security Deed, a second ranking security over all of the non-land assets of the Company and the Subsidiary, subject to the Security Trust Deed with the Security Trustee. For the purposes of ASX Listing Rule 7.23, if a reorganisation occurs in respect of the Company, the Convertible Notes must be treated in accordance with the ASX Listing Rules.</p> <p><b>Amendments:</b> The Company may make any minor amendments to the terms of the Convertible Notes required to correct any error or to ensure compliance with any law or the ASX Listing Rules (subject in certain prescribed circumstances to the written consent of the Senior Secured Lender).</p>

If such Shareholder approval for the Director Convertible Note Issue is not obtained, then the Company will not accept the applications for the Director Convertible Note Issue and the Company will waive satisfaction of the relevant conditions in the Convertible Note Deed but will otherwise proceed with the issue of the Convertible Notes subject to satisfaction of the other conditions.</p> <p>If the above conditions are not satisfied (or waived to the extent possible) by 31 March 2021, the issue of Convertible Notes will not proceed, and the subscription monies will be refunded.</p>

(c) **ASX waiver in respect of the Director Convertible Note Issue**

The ASX has granted the Company a waiver from ASX Listing Rule 10.1 to the extent necessary to permit the Company to grant the second ranking Subordinated General Security Deed over its assets and undertakings (other than land) in favour of the Company's Chairman, Ivan Hammerschlag and Non-Executive Director, Randolph van der Burgh ("**Lenders**"), to secure the Company's obligations under the Convertible Note Raising for an amount of up to A\$250,000<sup>4</sup> and A\$100,000 respectively (which is to be held by the Security Trustee in accordance with the

## **2 RESOLUTION 1: ENTRY INTO THE FACILITY AGREEMENT WITH THE SENIOR SECURED LENDER AND THE ISSUE OF CONVERTIBLE NOTES UNDER THE CONVERTIBLE NOTE RAISING**

---

### **2.1 Background**

Resolution 1 seeks Shareholder approval pursuant to section 129 of the New Zealand Companies Act 1993 for the entry by the Company into the Finance Documents and the Finance Transaction and for the issue of the Convertible Notes under the Convertible Note Raising, of which further detail is set out above in section 1 of these Explanatory Notes. Without limitation, summaries of the material terms of the Facility Agreement and the Convertible Notes are set out in sections 1.2 and 1.3 of these Explanatory Notes.

The Company is seeking Shareholder approval for Resolution 1 for the purposes of section 129 of the New Zealand Companies Act 1993 and to satisfy the relevant conditions precedent under the Facility Agreement and the Convertible Note Deed (as described above in sections 1.2 and 1.3 of these Explanatory Notes). The Company will only receive the debt funding under the Facility Agreement and the Convertible Notes if these conditions precedent under the Facility Agreement and the Convertible Note Deed are satisfied (or waived, if applicable).

### **2.2 Section 129 of the New Zealand Companies Act 1993**

Section 129 of the New Zealand Companies Act 1993 requires Shareholders of a company to approve a company's entry into a 'major transaction' by special resolution (being at least 75% of votes cast by Shareholders entitled to vote on the resolution). A 'major transaction' is where a company purchases or sells assets or incurs obligations that have a value of greater than half of the company's existing assets (including contingent assets).

The Board of the Company has assessed that the value of the loan obligations being incurred under each of the Finance Transaction and the Convertible Note Raising amount to approximately greater than 50% of the assets of the Company immediately prior to the Finance Transaction and the Convertible Note Raising being entered into. The entry by the Company into the Finance Documents and the Finance Transaction, and the entry by the Company into the Convertible Note Deed and the Convertible Note Raising, will each constitute a 'major transaction' for the purposes of section 129 of the New Zealand Companies Act 1993 and therefore require the approval of the Shareholders of the Company by special resolution, as proposed by Resolution 1. The Company therefore seeks the approval of the Shareholders of the Company under Resolution 1 to the Finance Transaction and for the issue of the Convertible Notes under the Convertible Note Raising for the purposes of section 129 of the New Zealand Companies Act 1993, and in order to satisfy the conditions precedent under the Facility Agreement and the Convertible Note Deed (as described above in sections 1.2 and 1.3 of these Explanatory Notes).

### **2.3 Directors' Recommendation**

The Board unanimously recommends that Shareholders vote in favour of this Resolution 1. The Chairman intends to vote undirected proxies in favour of Resolution 1.

## **3 RESOLUTION 2 – APPROVAL OF THE ISSUE OF CONVERTIBLE NOTES TO THE NOTEHOLDERS IN CONNECTION WITH THE CONVERTIBLE NOTE RAISING**

---

### **3.1 Background**

Resolution 2 seeks Shareholder approval pursuant to ASX Listing Rule 7.1 for the issue of up to 35,000,000 Convertible Notes to the Noteholders in connection with the Convertible Note Raising, of which further detail is set out above in section 1 of these Explanatory Notes. Without limitation, a summary of the material terms of the Convertible Notes is set out in section 1.3 of these Explanatory Notes.

The Company is seeking Shareholder approval for Resolution 2 for the purposes of ASX Listing Rule 7.1 and in order to satisfy the Convertible Note Condition Precedent under the Facility Agreement and the Shareholder approval condition precedent under the Convertible Note Deed (as described above in sections 1.2 and 1.3 of these Explanatory Notes). The Company will only issue the Convertible Notes if all conditions precedent under the Convertible Note Deed are satisfied or waived in accordance with the terms and conditions of the Convertible Note Deed.

The Company notes that the funds to be raised pursuant to the Convertible Note Raising will not be available to the Company, nor will the Convertible Notes be issued, until Shareholder approval has been obtained for the purposes of ASX Listing Rule 7.1 as proposed by Resolution 2.

### 3.2 ASX Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the number of equity securities that a listed company can issue or agree to issue without approval of its Shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The issue of the Convertible Notes does not fall within any of these exceptions and exceeds the 15% limit in ASX Listing Rule 7.1. It therefore requires the approval of Shareholders under ASX Listing Rule 7.1. In addition, Shareholder approval for the issue of the Convertible Notes is required in order to satisfy the Convertible Note Condition Precedent under the Facility Agreement and the Shareholder approval condition precedent under the Convertible Note Deed (as described above in sections 1.2 and 1.3 of these Explanatory Notes).

Resolution 2 seeks the required Shareholder approval to the issue of the Convertible Notes under and for the purposes of ASX Listing Rule 7.1.

If Resolution 2 is passed:

- the Company will be able to proceed with the issue of the Convertible Notes, which will also satisfy the Convertible Note Condition Precedent under the Facility Agreement;
- the issue of the Convertible Notes will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under ASX Listing Rule 7.1; and
- the Company can rely on ASX Listing Rule 7.2 exception 9 to issue any Shares on conversion of the Convertible Notes and no further approvals of Shareholders under ASX Listing Rule 7.1 will be required no matter when conversion of the Convertible Notes occurs.

If Resolution 2 is not passed, the Company will not be able to proceed with the issue of the Convertible Notes and accordingly the Convertible Note Raising and the Finance Transaction will not complete. Shareholder approval for the issue of the Convertible Notes is required in order to satisfy the Convertible Note Condition Precedent and the Shareholder approval condition precedent under the Convertible Note Deed (as described above in 1.2 and 1.3 of these Explanatory Notes).

### 3.3 Relationship between this Resolution 2 and Resolution 1

Resolution 2 will only be put to vote if Shareholders pass Resolution 1.

If Resolution 1 is not passed, the Company will not proceed with the Finance Transaction and the Convertible Note Raising. This is because the approval of Shareholders of Resolution 1 is required for the Company to proceed with the Finance Transaction and the Convertible Note Raising (as described above in section 1.3 of these Explanatory Notes).

If Resolution 2 is not passed, the Company will not proceed with the Finance Transaction. This is because the approval of Shareholders of Resolution 2 is required for the Company to proceed with the Finance Transaction as the Facility Agreement includes a condition precedent that the Company must complement the Finance Transaction with additional funds by way of Convertible Notes issued to a minimum value of NZ\$5 million.

### 3.4 Information required by ASX Listing Rule 7.3

For the purposes of ASX Listing Rule 7.3, the following information is provided to Shareholders:

<p><b>The names of the persons to whom the Company will issue the securities or the basis upon which those persons were or will be identified or selected</b></p>	<p>The Convertible Notes will be issued to the Noteholders, who comprise of both existing and new institutional and sophisticated investors.</p> <p>The Noteholders were selected by the joint lead managers to the Convertible Note Raising (being Bell Potter Securities Limited, Aitken Murray Capital Partners Pty Ltd, Gleneagle Securities (Aust) Pty Limited and Shaw and Partners Limited) through a bookbuild process in consultation with the Company.</p>

<b>The number and class of securities the Company will issue</b>	Up to 35,000,000 Convertible Notes.
<b>If the securities are not fully paid ordinary securities, a summary of the material terms of the securities</b>	<p>The material terms of the Convertible Notes are summarised above at section 1.3 of these Explanatory Notes.</p> <p><b>As there is no floor price on the conversion price, the Convertible Note Raising could be highly dilutive to existing security holders if the market price of the Company's Shares falls substantially over the period from when the Convertible Notes are issued to when they are converted.</b></p>
<b>The date or dates on which the Company will issue the securities</b>	If Shareholders approve Resolutions 1 and 2, the Company expects to issue the Convertible Notes on completion of the Convertible Note Raising, which the Company expects to occur during the first half of March 2021, but in any event by no later than 31 March 2021.
<b>The price or other consideration the Company will receive for the securities</b>	Up to A\$7 million (NZ\$7.4 million) in aggregate (with each Convertible Note issued with a face value of A\$0.20).
<b>The purpose of the issue, including the intended use of any funds raised by the issue</b>	The purpose of the Convertible Note Raising is to fund progression of the Facility, particularly by funding land settlement and related earthworks for the construction of the Facility.
<b>If the securities are being issued under an agreement, a summary of any other material terms of the agreement</b>	Refer to section 1.3 of these Explanatory Notes.

A voting exclusion statement is included in the Notice of Meeting.

### 3.5 Dilution and examples

**As there is no floor price on the conversion price, the Convertible Note Raising could be highly dilutive to existing security holders if the market price of the Company's Shares falls substantially over the period from when the Convertible Notes are issued to when they are converted.**

Assuming (for illustrative purposes only) that the conversion price is A\$0.20, the maximum number of Shares that can be issued on conversion of the Convertible Notes is 35,000,000 Shares<sup>5</sup>.

For illustrative purposes only, the following table shows the Company's fully diluted share capital where all the Convertible Notes are converted at an assumed conversion price of A\$0.20:

Securities	Number <sup>6</sup>	Percentage
Fully diluted Share capital including all existing options granted by the Company but excluding any Shares issued on conversion of the Convertible Notes	283,356,698	89.01%
Maximum number of Shares issued on conversion of the Convertible Notes (assuming a conversion price of A\$0.20)	35,000,000	10.99%
<b>Fully diluted share capital after the issue of the maximum number of Shares that can be issued on conversion of the Convertible Notes (assuming a conversion price of A\$0.20)</b>	<b>318,356,698</b>	<b>100%</b>

<sup>5</sup> Excluding any Shares that may be issued on conversion of any capitalised interest and any accrued but uncapitalised interest in respect of the Convertible Notes.

<sup>6</sup> Excluding any Shares that may be issued on conversion of any capitalised interest and any accrued but uncapitalised interest in respect of the Convertible Notes.

However, as the conversion price at which the Convertible Notes convert is not fixed at all times but determined by reference to the formula set out in section 1.3(b) of these Explanatory Notes, the following are some worked examples showing how the formula will operate in practice under different assumptions based on the maximum amount raised under the Convertible Note Raising of A\$7 million:

Conversion price	Example of conversion into Shares <sup>7</sup>
Assuming the issue price of Shares under the Main Capital Raise is A\$0.16, the conversion price is A\$0.128	54,687,500 Shares
Assuming the issue price of Shares under the Main Capital Raise is A\$0.32, the conversion price is A\$0.20	35,000,000 Shares
Assuming the issue price of Shares under the Main Capital Raise is A\$0.08, the conversion price is A\$0.064	109,375,000 Shares
Assuming the issue price of Shares under the Main Capital Raise is A\$1.00, the conversion price is A\$0.20	35,000,000 Shares
Assuming the issue price of Shares under the Main Capital Raise is A\$0.20, the conversion price is A\$0.16	43,750,000 Shares

\*The examples in the table above are provided for illustrative purposes only and have been simplified for this purpose. To the extent of any inconsistency, the terms of the Convertible Notes prevail.

### 3.6 Board Recommendation

It is the view of the Directors that the Convertible Note Raising and the Facility Agreement are in the best interests of Shareholders and the Directors unanimously recommend that Shareholders vote in favour of Resolution 2. In forming that view, the Directors are satisfied that the consideration for the issue of the Convertible Notes and the consideration for the conversion of any Convertible Notes in Shares are fair and reasonable to the Company and the existing Shareholders for the purpose of section 49(1) of the New Zealand Companies Act 1993. All Directors have signed the relevant certificate required by section 49(2) of this Act.

The Chairman intends to vote undirected proxies in favour of Resolution 2.

## 4 RESOLUTIONS 3 AND 4: APPROVAL OF THE ISSUE OF CONVERTIBLE NOTES TO RELATED PARTIES, MR IVAN HAMMERSCHLAG AND MR RANDOLPH VAN DER BURGH (OR THEIR NOMINEES)

### 4.1 Background

The Company is proposing, subject to Shareholder approval, to issue up to 750,000 Convertible Notes to Mr Ivan Hammerschlag, the Non-Executive Chairman of the Company, and up to 500,000 Convertible Notes to Mr Randolph van der Burgh, a Non-Executive Director of the Company (or their respective nominees) in connection with the Convertible Note Raising on the same terms and conditions as other Noteholders.

The terms and conditions of the Convertible Notes are described above in section 1.3 of these Explanatory Notes.

### 4.2 ASX Listing Rule 10.11

ASX Listing Rule 10.11 provides that, unless one of the exceptions in ASX Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;

<sup>7</sup> Assumes that all Noteholders elect to convert their Convertible Notes into Shares, no Convertible Notes have previously been converted and excludes any Shares that may be issued on conversion of any capitalised interest and any accrued but uncapitalised interest.

- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the Company pursuant to a relevant agreement which gives them a right or expectation to do so;
- 10.11.4 an associate of a person referred to in ASX Listing Rules 10.11.1 to 10.11.3; or
- 10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,
- unless it obtains the approval of its shareholders.

The issue of Convertible Notes to Mr Ivan Hammerschlag and Mr Randolph van der Burgh (or their nominees) falls within ASX Listing Rule 10.11.1 and does not fall within any of the exceptions in ASX Listing Rule 10.12. It therefore requires the approval of the Company's Shareholders under ASX Listing Rule 10.11. Mr Ivan Hammerschlag and Mr Randolph van der Burgh are both 'related parties' of the Company for the purposes of ASX Listing Rule 10.11.1 given their respective positions as directors of the Company.

Resolutions 3 and 4 seek the required Shareholder approval to the issue of Convertible Notes to Mr Ivan Hammerschlag and Mr Randolph van der Burgh (or their nominees) for the purposes of ASX Listing Rule 10.11.

If Resolution 3 is passed, the Company will be able to proceed with the issue of up to 750,000 Convertible Notes to Mr Ivan Hammerschlag (or his nominee). If Resolution 3 is not passed, but Shareholders pass Resolutions 1 and 2, the Company will not be able to proceed with such issue of Convertible Notes to Mr Ivan Hammerschlag (or his nominee) but will still proceed with the Convertible Note Raising and the issue of the Convertible Notes (except that no Convertible Notes will be issued to Mr Ivan Hammerschlag (or his nominee)).

If Resolution 4 is passed, the Company will be able to proceed with the issue of up to 500,000 Convertible Notes to Mr Randolph van der Burgh (or his nominee). If Resolution 4 is not passed, but Shareholders pass Resolutions 1 and 2, the Company will not be able to proceed with such issue of Convertible Notes to Mr Randolph van der Burgh (or his nominee) but will still proceed with the Convertible Note Raising and the issue of the Convertible Notes (except that no Convertible Notes will be issued to Mr Randolph van der Burgh (or his nominee)).

#### 4.3 Relationship between these Resolutions 3 and 4, and Resolutions 1 and 2

Resolutions 3 and 4 will only be put to vote if Shareholders pass Resolutions 1 and 2.

If Resolutions 3 and 4 are passed, up to 750,000 Convertible Notes will be issued to Mr Ivan Hammerschlag (or his nominee) and up to 500,000 Convertible Notes will be issued to Mr Randolph van der Burgh (or his nominee).

However, assuming Shareholders pass Resolutions 1 and 2:

- if Resolution 3 is not passed, the Company will still proceed with the Convertible Note Raising and the issue of the Convertible Notes except that no Convertible Notes will be issued to Mr Ivan Hammerschlag (or his nominee); and/or
- if Resolution 4 is not passed, the Company will still proceed with the Convertible Note Raising and the issue of the Convertible Notes except that no Convertible Notes will be issued to Mr Randolph van der Burgh (or his nominee).

#### 4.4 ASX Listing Rule 10.13

For the purposes of ASX Listing Rule 10.13, the following information is provided to Shareholders in respect of a "related party":

<b>The name of the person</b>	Mr Ivan Hammerschlag and Mr Randolph van der Burgh (or their respective nominees).
<b>Which category in rules 10.11.1 – 10.11.5 the person falls into and why</b>	Related party given Mr Ivan Hammerschlag and Mr Randolph van der Burgh's respective positions as directors of the Company (ASX Listing Rule 10.11.1).
<b>The number and class of securities to be issued to the person</b>	Up to 750,000 Convertible Notes will be issued to Mr Ivan Hammerschlag (or his nominee).  Up to 500,000 Convertible Notes will be issued to Mr Randolph van der Burgh (or his nominee).

<b>If the securities are not fully paid ordinary securities, a summary of the material terms of the securities</b>	The material terms of the Convertible Notes are summarised above in section 1.3 of these Explanatory Notes.
<b>The date or dates on or by which the Company will issue the securities, which must not be more than 1 month after the date of the meeting</b>	If Shareholders approve Resolutions 1 and 2, the Company expects to issue the Convertible Notes on completion of the Convertible Note Raising, which the Company expects to occur during the first half of March 2021, but in any event by no later than 1 month after the date of the Meeting.
<b>The price or other consideration the Company will receive for the issue</b>	Up to A\$150,000 from Mr Ivan Hammerschlag (or his nominee).  Up to A\$100,000 from Mr Randolph van der Burgh (or his nominee).
<b>The purpose of the issue, including the intended use of any funds raised by the issue</b>	The purpose of the Convertible Note Raising is to fund progression of the Facility, particularly by funding land settlement and related earthworks for the construction of the Facility.
<b>If the securities are issued under an agreement, a summary of any other material terms of the agreement</b>	Refer to section 1.3 of these Explanatory Notes.

A voting exclusion statement is included in the Notice of Meeting.

#### 4.5 Board Recommendation

It is the view of the Directors that the Convertible Note Raising and the Finance Transaction are the best interests of Shareholders, and the Directors (excluding Mr Ivan Hammerschlag and Mr Randolph van der Burgh due to their proposed involvement in the Convertible Note Raising) unanimously recommend that Shareholders vote in favour of Resolutions 3 and 4.

The Chairman intends to vote undirected proxies in favour of Resolutions 3 and 4.
